

WELCOME

We are pleased to welcome you as a patient to our facility. We are a non-hospital based outpatient center dedicated to providing the highest quality endoscopic services in a comfortable atmosphere.

Our staff is committed to making your visit as pleasant as possible. The center is a place where patients receive quality care and then return to the comfort of their home the very same day. Respect for your individual needs is our priority and by completing the questionnaire following your visit, you will be providing us with valuable feedback regarding your experience.

You will find the atmosphere at the center more personalized than a traditional hospital environment. In this reassuring setting, you will receive individual attention from a caring and highly skilled staff of doctors and nurses.

Physician Interest and Ownership

The center is owned, in part, by the physicians. The physician(s) who referred you to this center and who will be performing your procedure(s) may have a financial and ownership interest. Patients have the right to be treated at another health care facility of their choice. We are making this disclosure in accordance with Federal regulations.

Patient Instruction Brochure

Garden State
Endoscopy
& Surgery Center

Prior To Your Procedure

Help us take better care of you!

Several days prior to your procedure, a nurse from the center will call you to review your medical history and answer any questions you may have about your upcoming procedure.

Please leave all jewelry and valuables at home. The endoscopy center cannot take responsibility for safeguarding your personal items.

Please bring your eyeglasses, if applicable.

Please make arrangements for someone to escort you home. Your escort will need to be 18 years of age or older.

The length of time you will be at the center is approximately two and a half hours from the time you check in to the time of your discharge.

Please limit the number of persons accompanying you to the center to one. Without an escort, it will not be possible to perform your procedure.

Please make arrangements for childcare in advance. The endoscopy center reception area and recovery room area are not designed to accommodate small children.

If you have questions regarding your medication prior to the procedure, please contact your physician's office.

Day Of Your Procedure

Please check in at the reception desk at your scheduled check-in time. Bring your insurance card(s) and a picture ID.

Co-pays are due and expected to be paid at the time of service. We will accept cash, check, credit card (Visa, Master Card & American Express) or debit card.

Bring your medication(s) or list of the medication(s) and dosages you are currently taking.

It is very important for us to know if you have any allergies; especially an allergy to rubber (latex).

If you have a pacemaker please bring your manufacturer's ID card.

If you have an implanted defibrillator you may not be able to have your procedure at the center. Contact your physician.

After Your Procedure

Average Recovery Time is 30-45 minutes for most procedures.

Your escort will be called 30 minutes prior to your discharge. Again, it is approximately two and a half hours from the time you check-in to the time of your discharge. It would be best if someone could stay with you at home or check on you following your procedure.

Patients will remain in the recovery area until they are ready for discharge.

At discharge you may NOT drive. You may not take a bus if you were sedated for the procedure unless accompanied by a responsible adult. You are permitted to take an Uber or a taxi unaccompanied.

Garden State Endoscopy Center's staff and physicians are dedicated to providing the highest quality of care for you and your digestive health.

Garden State Endoscopy Center provides a clean, safe, comfortable environment to ensure your health needs are our top priority.

Please review this brochure prior to your procedure and contact us with any questions you may have.
